Dear Friend of Festival Theatre,

Without knowing our history, it could be seen as just a lucky convenience to have a professional theatre living and breathing here in the St. Croix Valley. But like the tenacious pine tree in our logo representing over twenty years of resolute dedication to the arts, Festival Theatre now proudly presents the exciting 2011 Theatre and Music Series, increased staff, ambitious projects and big dreams—and that's not happenstance. We at Festival Theatre are incredibly proud and grateful for each and every volunteer, committee member, staff person, and you, our patrons, who keep on breathing with us into another year.

We want you to know that every penny donated to the Festival Theatre is used to make arts come alive in this community and every penny is tax deductible. Donors are encouraged to determine the focus of their giving: some designate their gift to the general operating support of the theatre; others make designated gifts for building improvements, education outreach or specific program areas; still others include Festival Theatre in their estate planning.

As a 501 (c)(3) charitable organization, Festival is an eligible recipient for most matching programs through employers or retirement programs. Most important is that all donations will ensure that the professional performing arts have a home here in the St. Croix Valley—both now and in the future.

If you have questions about charitable giving, please contact me at 715-483-1382. Give now and be a part of the living adventure at Festival Theatre.

Warmly,

Danette Olsen

Danette Olsen
